With my signature, I hereby place the order for the above-mentioned valuation/audit to be carried out. I request that a corresponding invoice be prepared and sent to me, which I will pay immediately. I have read and understood the information on liability below.

The valuation will be carried out with all diligence. However, it is the sole responsibility of third parties to decide whether the report is suitable for their purposes. Any use of the report is at your own risk. We and our employees and agents accept no obligation, responsibility or duty of care to any third party and accept no liability for any loss, damage or expense of any kind incurred as a result of any third party's use of the Report.

We performed our work immediately after signing this engagement letter. As a result, our report does not take into consideration events and circumstances after that date. We are not obliged to update this report to take account of events or circumstances occurring after the completion of our work.

We also note that an actual sale of the goods may lead to different results than those assumed as a selling scenario in the valuation. Transaction prices and amounts are the result of negotiation situations and uncertain future external factors and do not necessarily correspond to the results of a valuation. Therefore, we do not assume any obligation or responsibility with respect to a possible transaction amount or transaction price.
